# Warddeken Ranger News

Daluk and Bininj Warddeken Rangers are looking forward to travel into Darwin next week to attend a 2 day Kunak (fire) meeting. The gathering will include rangers from Djelk and Warddeken IPA in the NT and rangers from the Top End of Western Australia and Queensland. Two hundred people are expected to attend including Land Councils, World Wildlife Fund, ranger groups, Australian Wildlife Conservancy and Federal, State and Northern Territory government officials. Warddeken Rangers are invited to a dinner with Australia Bush Heritage during the event. Stuart and Terrah Guymala will be presenting at the meeting.

Recently rangers have been busy installing markers at the airstrip and keeping the grass down around the community. In the next few weeks there will be plenty to do with weed spraying, Bim surveys and small animal (mayh) surveys.

When the spear grass gets brown early burning can begin. Our rangers will work to ensure the safety of the community and nearby homelands by making fire breaks and coordinating burning with Traditional Owners from other outstations.

## Student Work

# SAVING WATER

ON TUESDAY AND WEDNESDAY NAWARDDEKEN ACADEMY HAS BEEN HAVING TROUBLE WITH THE WATER AND PUMP DOWN AT THE SPRING. A BIG THANK YOU TO THE RANGERS WHO FIXED THE WATER PUMP, SO I AM HERE TO SHOW YOU HOW NOT TO WASTE WATER SO THAT WE DON'T RUN OUT AGAIN.

### Here are some ways to save water.

1. Don't leave your taps running for long time. 
2. Don't have a long shower for 1 hour, only for 5mins or less 
3. Don't leave the tap running while brushing teeth.
